1. Introduction

A solid waste treatment and disposal facility has recently been commissioned for the Union of Municipalities of Bouhayra, located in Jeb Jennine in the West Bekaa. The facility consists of a mechanical biological treatment (MBT) facility and adjacent sanitary landfill and will be processing approximately 100 tons of municipal solid waste per day from 18 municipalities within the Union.

One of the major challenges towards the social and environmental acceptance of the facility is the waste gas produced due to degradation of organic waste in the facility’s composting plant, which needs to be extracted and treated. As such, in order to ensure the environmental sustainability and social acceptability of the facility’s operations, the present project aims to construct, install, test and commission an odor control system for the facility in Jebb Jennine.

19.2 If Mercy Corps determines that Supplier has or will breach any of its warranties, covenants or representations in this Contract, Mercy Corps may terminate this Contract. Supplier’s breach of its obligations under this Contract will result in Mercy Corps incurring damages in an amount that will be difficult to establish and leave Mercy Corps without an adequate remedy. Accordingly, the parties agree that the following liquidated damages are reasonable in light of the anticipated harm caused by any such breach. The percentage of liquidated damages to be applied is specified in Schedule I of this Contract, per day of delay caused by the Suppliers breach of contract (including but not limited to delays in delivery) to a maximum amount of 10% of the Contract Prices after which MC reserves the right to terminate this Contract in accordance with Section 19.3 below.

Notwithstanding the Contractor’s duty to promptly notify the Contractor of any matter affecting the Works, no claim for additional payment or extended time for completion will therefore be considered for any error, discrepancy, omission, ambiguity or any other flaw in the Tender Document and MC shall be released and discharged from any and all liabilities arising there from.

   c. Time is of the essence of each and every obligation of Contractor under this Contract.
   d. If any provision of this Contract is prohibited by or invalid under applicable law, such provision will be ineffective only to the extent of such prohibition or invalidity without invalidating the remainder of such provision or any remaining provisions of this Contract.

25. Miscellaneous (Cont’d)
   e. Except as otherwise provided above, this Contract may be amended or modified only by a written document signed by both parties. This Contract constitutes the entire contract between the parties relating to the subject matter hereof and supersedes any and all previous agreements and understandings, oral or written, relating to the subject matter hereof.
