Mercy Corps is a leading global humanitarian agency saving and improving lives in the world's toughest places. With a network of experienced professionals in more than 40 countries, we partner with local communities to put bold ideas into action to help people recover, overcome hardship, and build better lives now and for the future. In these places, Mercy Corps listens to local voices to prioritize people's most urgent needs, taking a long-term view and promoting innovative solutions that drive true change. Mercy Corps Liberia has been working in Liberia since 2002, focusing on youth, agriculture, livelihoods, conflict resolution, and emergency response.

### Background and Objectives

Utilizing the technical capacity, experience and inputs supply capacity of Dukuly Farms, and learnings from PROSPECTS IV pilots, the Project will partner with Dukuly Farms to enhance and expand their business model to youth farmers through a performance-based outgrower and aggregation model for increased local production of FFVs (Fresh Fruits & Vegetables), improved quality and market access for farmers within Bomi and increase the status of better work and more work thereby creating sustainable jobs and incomes for young women and men in Liberia in the next 6 months with the following objectives:

- The availability of adequate quality seeds for FFVs- access
- Support the increase of variety of vegetable seeds- quantity
- Improve skills in mechanized farming- production and cultivation
- Access to input-quality and assorted fertilizers
- Market penetration through aggregation, off-taking and market linkage services.

Mercy Corps Libeia is interested in an international supplier that will provide the below mentioned fertilizers to their PROSPECT IV Program for their partners Dukuly farm to enhance and expand their business model to youth farmers.
